

Request for Bid Addendum #1

Bridge Contractor

Eel River Watershed Improvement Group
1500 Alamar Way
Fortuna, CA 95540

Tenmile Creek Sediment Reduction and Roadway Removal – Construction Contractor

Issued: April 7, 2025

Addendum #1: Bidders may provide a bid for a different bridge design as long as it meets design criteria (load rating, height above flood plain, length, etc). Bidder must provide engineered designs upon request so that Project Engineer can determine if bridge is acceptable for the project. This addendum does not need to be referenced in the Bid provided by the Bidder.
